Profile Summary

Software Engineer and UiPath Certified Automation Developer with a strong foundation in Java, JavaScript, and React. Skilled in building scalable full-stack web applications, automation solutions, and cloud-deployed systems. Experienced in JWT-based authentication, RESTful API development, and modern frontend frameworks. Hands-on experience through internships, live projects, and industry programs. Motivated to contribute to high-impact software products and enterprise solutions.

Technical Skills

Languages: Java, JavaScript, Python, C
Frontend: React.js, HTML, CSS, Vite,
Backend: Java, Spring Boot, Spring Security, REST APIs
Database: MySQL, MongoDB Atlas
Cloud & Deployment: AWS (EC2), Railway, Vercel
Tools: Git, GitHub, VS Code
AI Tools: GitHub Copilot, Claude AI, ChatGPT

Project Experience

Banking Management System | *Spring Boot, Spring Security, JWT, React.js, Railway, Vercel* May 2026 – Jun 2026

- Developed and deployed a full-stack Banking Management System with secure JWT-based authentication and role-based API protection using Spring Security.
- Built RESTful APIs using Spring Boot and integrated MongoDB Atlas for scalable cloud database management.
- Implemented core banking features: user authentication and authorization, account creation/update/deletion, deposit, withdrawal, and fund transfer operations, and transaction history tracking.
- Built a responsive React.js frontend with protected routes and deployed backend on Railway and frontend on Vercel.
- [GitHub](#) | [Live Demo](#)

Task Manager Application | *React.js, Spring Boot, MongoDB JWT, Vercel, Railway* Feb 2026 – Apr 2026

- Built a secure full-stack Kanban application with React.js and Spring Boot, delivering personalized workspaces through JWT-based authentication and role-based access control.
- Engineered drag-and-drop task management using `@dnd-kit`, enabling seamless task transitions and reordering across workflow stages (To-Do, In-Progress, Done), backed by optimized MongoDB queries.
- Developed a responsive, animated UI using Framer Motion for fluid transitions and Recharts for analytical data visualization and productivity insights.
- Architected a cloud-native deployment pipeline with the React.js frontend hosted on Vercel and Spring Boot REST API on Railway, with persistent storage via MongoDB Atlas.
- [GitHub](#) | [Live Demo](#)

Real-Time Web Traffic Visualizer | *JavaScript, Node.js, WebSocket, Chart.js, Analytics* 2025

- Designed and implemented a real-time web traffic monitoring system with a live analytics dashboard for visualizing concurrent user sessions, page views, and traffic patterns.
- Applied WebSocket-based data streaming and performance optimizations to support smooth, high-frequency data rendering without UI lag.
- [GitHub](#)

Internships and Industry Training

Infosys Springboard – Full Stack Developer Intern Feb 2026 – Apr 2026

Internship 6.0 (B 13): Web-Based Kanban Task Manager with Drag-and-Drop Functionality Virtual

- Developed a full-stack Kanban Task Manager using React.js and Spring Boot with JWT authentication, drag-and-drop task management via `@dnd-kit`, and real-time data visualization using Recharts.
- Implemented RESTful API integration, cloud deployment on Vercel and Railway, and followed Agile development methodologies throughout the project lifecycle.

Approtech R&D Solutions – Java Intern

July 2025

Software Development Internship

- Developed secure Java modules for enterprise applications, implementing encryption and decryption functionalities.
- Assisted in debugging, testing, and code optimization for production systems.

Edunet Foundation – AI & Cloud Intern

Sept – Oct 2025

Training Program

- Completed intensive training in Artificial Intelligence and Cloud Computing with exposure to IBM Cloud and AI tools.
- Worked on cloud deployment models and foundational AI application development.

Education

Saveetha Engineering College

Chennai, India

Bachelor of Technology in Information Technology

2023 – 2027

Jayam Vidhyalaya Matric Hr. Sec. School

Higher Secondary Certificate (HSC)

2023

Jayam Vidhyalaya Matric Hr. Sec. School

Secondary School Leaving Certificate (SSLC)

2021

Certifications

UiPath – Certified Automation Developer Associate (2025)

IBM – Developing Front-End Apps with React (2025)

Google – IT Support Professional Certificate (2025)

Coursera – Generative AI for Everyone (2024)

Soft Skills

Problem Solving • Team Collaboration • Communication • Time Management • Adaptability
