NITHISH S

+91 8122747018 | nithish81227@gmail.com | GitHub | LinkedIn | Portfolio

Profile Summary

Final Year B.Tech Information Technology student and aspiring Software Development Engineer, focused on building full-stack, cloud-hosted applications end to end – from data modeling to deployment. Proficient across React.js front ends, Spring Boot/REST APIs, and MySQL/MongoDB data layers, with a solid foundation in Data Structures & Algorithms, object-oriented design, and cloud computing (AWS). Known for independently shipping production-grade projects under tight timelines and translating real-world problems into clean, working software.

Technical Skills

Languages: Java, JavaScript, Python, C
Core CS: Data Structures & Algorithms, OOP, DBMS, REST API Design
Frontend: React.js, HTML, CSS, Vite
Backend: Java, Spring Boot, Spring Security, Hibernate, REST APIs
Data & Analytics: MySQL, MongoDB Atlas
Cloud & Deployment: AWS,Railway, Vercel
Tools: Git, GitHub, VS Code, Postman
AI Tools: GitHub Copilot, Claude AI, ChatGPT

Education

Saveetha Engineering College Chennai, India
Bachelor of Technology in Information Technology 2023 – 2027

Jayam Vidhyalaya Matric Hr. Sec. School (HSC) 2023

Project Experience

Smart Public Grievance Management System | GitHub | Live Demo *In Progress*
React.js, Spring Boot, MySQL, Python, Vercel, Render | GitHub | Live Demo

- Designing a civic-tech platform to streamline public grievance submission, classification, and resolution tracking, with a focus on Tanglish grievance classification and duplicate detection tuned to short-form Indian civic text.
- Architecting a full-stack solution combining a React.js frontend, Spring Boot REST APIs, MySQL for structured data, and a Python microservice for NLP-based classification.

Banking Management System | GitHub | Live Demo May 2026 – Jun 2026
React.js, Spring Boot, JWT, MongoDB, Vercel, Render

- Independently designed, developed, and deployed a full-stack banking management platform, covering application architecture, data modeling, API development, and cloud deployment.
- Built 9 RESTful APIs integrated with MongoDB Atlas, implementing account management, deposits, withdrawals, fund transfers, and transaction history.

Real-Time Web Traffic Visualizer 2025
JavaScript, D3.js, Chrome Extension | **GitHub**

- Built a Chrome extension that turns live browsing data into a visual privacy risk score, using a D3.js donut chart and a tracker classification engine – built independently, hackathon-style, to explore a real-world privacy problem.
- Applied WebSocket-based data streaming and performance tuning for smooth high-frequency, real-time rendering.

Internships & Industry Training

Infosys Springboard– Full Stack Developer Intern GitHub | **Live Demo** Feb 2026 –Apr 2026
Internship 6.0 (B 13): Web-Based Kanban Task Manager with Drag-and-Drop

- Independently designed and shipped a production-grade full-stack Kanban application (React.js + Spring Boot) within a fixed sprint timeline, from architecture to cloud deployment.
- Engineered drag-and-drop task management using @dnd-kit backed by optimized MongoDB queries, and built analytics dashboards with Recharts to surface workflow insights.
- Worked in Agile sprints with rapid iteration cycles, deploying frontend on Vercel and the Spring Boot REST API on Railway.

Approtech R&D Solutions – Java Intern July 2025
Software Development Internship

- Developed secure Java modules with encryption/decryption functionality for enterprise applications under production timelines.
- Assisted in debugging, testing, and code optimization for live systems.

Certifications

- AWS Certified Cloud Practitioner, Amazon Web Services, 2026
- Certificate Program in Cloud Computing Engineering (AWS), FutureSkills Prime (NASSCOM), 2026
- IBM – Developing Front-End Apps with React, 2025
- Google – IT Support Professional Certificate, 2025
- Coursera – Generative AI for Everyone, 2024

Soft Skills

Curiosity & Fast Learning | Problem Solving | Team Collaboration | Creative Thinking | Ownership & Accountability | Adaptability | Time Management
